Our duty now is to finish the work he so ably began. The light of his funeral pyre will show us where are the Spaniards, and the parting volley over his grave will be bullets aimed at the hearts of our despoilers."

### JUNTO IN CONFERENCE.

Secret Meeting of Cuban Agitators-Palma Replies to Canovas.

NEW YORK, Dec. 19 .- The members of the Cuban Junto were in secret session The proceedings were carried on behind ascertain what the cause of the hurried conference was. T. Estrada Palma, the president of the Junto, had this to say in reply to an interview with Premier Canovas, in which he declared the insurrection would surely be quelled: "Canovas may say what he pleases but he knows perfeetly well that the Cubans have taken up arms for the purpose of dislodging the Spanish hand of tyranny and that they will not enter into any arrangement whatever of Cuba. They have absolute confidence in the outcome of the war. For the Cubans, freedom has already been achieved. They have a perfect government and 40,000 well armed men in the field who obey the government. It is ridiculous to hear from the lips of the prime minister of Spain that negroes compose the rebels of Cuba, when the prisons of Cuba and the penal colonies of Africa are full of Cubans belonging to

### Opposed to War.

MEMPHIS, Tenn., Dec. 19 .- The following petition numerously signed by the principal cotton growers of this section was to-day forwarded to Senators Harris and

"Gentlemen-At a meeting of the undersigned cotton growers and farmers, held this day in Memphis, it was resolved to respectfully ask you to use your influence honorable ways and to vote the passage of the 'Cuban recently adopted by the comforeign relations and soon to come before the Senate. We feel that war with Spain inevitably means a further large decline in the price of cotton, not only for this crop, but also for the next and that there is no adequate reason why such a misfortune should be brought upon us more especially so because of the hard times we have endured for so long will render further losses hard to bear."

Sentiment of Naval Officers.

NEW YORK, Dec. 19 .- While there is no great activity at the Brooklyn navy yard. work is being pushed forward with haste. The cruiser New York, which left the dry dock yesterday, went down to Tompkins ville, S. I. Men are kept working over time on the Texas, and the repairing on the other ships at the yard are nearing completion. This is in accordance with instructions received from Washington that the North Atlantic squadron must be ready to proceed to Hampton Roads by the first of the year. Officers of the navy here refrain from discussing the probability of war with Spain resulting should Congress adopt resolutions recognizing the independence of Cuba, but the sentiment was evident that there is no immediate prospect of a con-

Would-Be Liberators in Ohio.

CLEVELAND, O., Dec. 19 .- The feeling of sympathy for Cuba is very strong in northern Ohio, and not a day passes without offers volunteered by ardent young men to fight for the liberation of the island. All such are referred to the Junto in New York. At a meeting to-day of the executive committee of the Cuban-American League. presided over by H. W. Wolcott, brother of Senator Wolcott, it was decided to have a mass meeting of citizens on the evening of Jan. 2. Bourke Cockran or some other equally famous orator will be engaged as the principal speaker by the New York Junto. Money is continuing to come in to the treasurer of the league, J. H. Paine.

While all the facts have not come to light vet still there is no doubt of the main sad truth. When all the truth is known the story as first told of Spanish treachery will be found to be mainly substantiated. The bodies cannot be found, though the Cubans are seeking them very carefully for burial with

LOS ANGELES, Cal., Dec. 19.-The first mass meeting on the Pacific coast in the interest of Cubz libre has been held in this city. Music Hall was packed with repretaking the prevailing sentiment. Every reference to Cuba's struggle and the essity for intervention by the United States brought forth enthusiastic ap-plause and the statement that it was the ain duty of this gove mment to stop the ruthless butchery, even if war had to be declared to do it, was received with deaf-ening cheering. Resolutions expressing these sentiments were adopted.

The following letter was re-ceived to-day from Cuppy by a friend in this city: "Before leaving the country I thought it best to write briefly in the way of explanation. Over Six Million Acres of Land to Be

Commission signed a treaty with the Dawes ston would not win one match out of the Commission late last night. The treaty provides for allotments of lands, town sites, reserve of coal fields for Choctaw schools and relinquishment of tribal government within eight years.

This action of the Choctaws closely follows the announcement of agreement with the Creek tribe and is the result of long negotiations. The total area of the Choctaw Nation is 6,688,000 acres. There are 17,-819 acres to be partitioned or allotted, 14,000 to the blood Choctaws and 3.819 to the freedmen. It is probable that 350 acres will be left to each beneficiary, man, woman or child. The town sites and coalfields are to be sold under some special provision.

### Rupture Between the Republics of

CENTRAL AMERICAN WAR.

Colombia and Nicaragua. MOBILE, Ala., Dec. 19.-News received by the steamer Jarl from Bluefields, Nicaragua, indicate an open rupture between Nicaragua and Colombia. The bone of contention is the ownership of Great and Little Corn islands, lying off Bocas del Toro. The islands are now the property of Nic-argua, but Colombua claims them and is preparing to enforce that claim by landing armed men on them. The Nicaraguan government is increasing the standing army by conscripting everything in the shape of a man around Rome and Blue-fields. Colombia has three modern men of war while Nicaragua has nothing but an

old tug and practically no fortifications on

Fatal Bomb Explosion. ROME, Dec. 19 .- A dispatch from Cassino says that several bombs, secretly manufactured by a druggist named Valero, exploded last night. Two of the stories of the druggist's house were shattered, burying a number of persons in the ruins. Five per-sons were killed and six injured.

ANOTHER FOOTBALL CONTEST ON THE CHICAGO COLISEUM GRIDIRON.

Carlisle Indians 18 to 8-Flower of the "400" Present.

CHICAGO, Dec. 19.—The Carlisle Indians defeated the University of Wisconsin football eleven to-night in the Coliseum by a score of 18 to 8. Two of their touchdowns were scored in the second half by steady, persistent hammering at Wisconsin's center, the tacties which told so heavily on Yale. The Badgers, who were in none the best of condition, were simply unable to hold them. Wisconsin lost ground for offside playing, and, in fact, the touchdown of the Indians in the first half was directly attributable to this. Karel, as usual, did some brilliant playing for the Badgers, one run of twenty-five yards being made through a maze of tacklers. He was unfortunate, however, in eatching punts, and the yellow-painted roof evidently militated greatly against accurate catching. Both teams played clean, hard football. It was simply a case of condition, and the magnificent form displayed by the Indians made the issue a certainty after they secured the ball in the second half.

A funny incident occurred in the first half. With the ball in Carlisle's possession GEORGETOWN, Dec. 19. — President Cleveland was given a most enthusiastic reception here to-day. The party arrived from the market should be a proper of the market should be a proper of the field. All this had been obviated, however, Extra coatings of clay had been spread, and the field carefully rolled and revolled and the field carefully rolled and revolutions.

The manufacturers will also devote considerable time to the tariff and will appoint a committee to go to Washington at the coming session
